

**NEW**

# Masking Film **Wondermask® Recycled**

The revolutionary PREMIUM paint film with > 30% post-industrial recyclate use!

## Wondermask® Recycled \*\*\*\*\* Lite+

### Product Highlights Sustainability Premium Quality

- +30% Post Industrial Recyclate Material.
- 100% Recyclable.
- Water-resistant: no staining if there is residual moisture on the vehicle.
- Paint and water do not bleed through.
- Adhesive tape can be corrected.
- Heat resistant up to 125°C.

### One Product For All Vehicle Types

- Dust-protected in the practical dispenser box.
- Very good cutting ability.
- Optimum feel.
- 6M technique to cover vans & SUVs from front to back.
- Suitable for wrapped vehicles.
- 100% Made in Germany.

### Why use recycled material?

- By using recyclates, correspondingly less new plastic has to be produced.
- Existing plastic is made usable again, thus protecting our environment.
- Reusing the plastic recyclate significantly reduces the carbon footprint of the film.
