

# SMARTGRIP SEAT COVER

the **green** Generation  
of Seat Protection

## More protection - Less Material

- Seat cover **enlarged** to 850mm x 1550mm
- Suitable for all cars
- Resource conservation through less use of materials
- Non-slip: stays on the seat
- Tear resistant
- Dispenser box: 400 pieces per roll

## Protect Green

- Made with more than **50% recycled** material
- Seat cover 100% recyclable
- 100% Made in Germany
- ONE OF THE GREENEST SEAT COVERS GLOBALLY!*

## Top Features

### Use the film the professionals use

One of the best protection solutions for work or paint shops, trusted by industry professionals worldwide

### Cost-Effective

Outstanding seat cover in the market, made from recycled material, fits larger seats, and is the most **affordable** seat cover you will find

### Easy application

Separate one piece with the help of the dispenser, unfold it, and cover the seat with the bag. The seat cover will adhere to the seat and not to the operator's clothing
